2023-2024 Sponsor Packet

Dear Fellow Community Member,

Imagine a competition of ideas, imagination, robotics, and engineering that inspires society's future STEM leaders.

Pirate Robotics is the *FIRST*® Robotics Team at West Carrollton High School. *FIRST*® teaches valuable skills needed in both business and engineering. Not only must the students design and build a robot, but they must also market the team, manage a budget, and invent strategies for competition.

Each year, our students design, build, and program a robot from scratch. Then, we compete against hundreds of teams from around the world in at least two 3-day competitions.

Pirate Robotics has qualified for the World Championships three times since our rookie year in 2016. We have also won the team spirit award, rookie all-star award, 2018 Greater Pittsburgh Regional, and finished as finalists in the 2019 Miami Valley Regional.

We have tremendous gratitude for those in our community who sponsor our team and help bring these incredible experiences to our students. We depend on our community to financially support our team, volunteer as professional mentors, and donate workshop supplies.

Would you please consider sponsoring Pirate Robotics?

In this packet, we have included details about our team and budget for the 2023-2024 season. Even if you are unable to become a financial sponsor, please consider supporting us by volunteering as a mentor or making an in-kind donation.

Thank for your consideration, and as always, Go Pirates!

Sincerely,

Pirate Robotics Coaches and Mentors

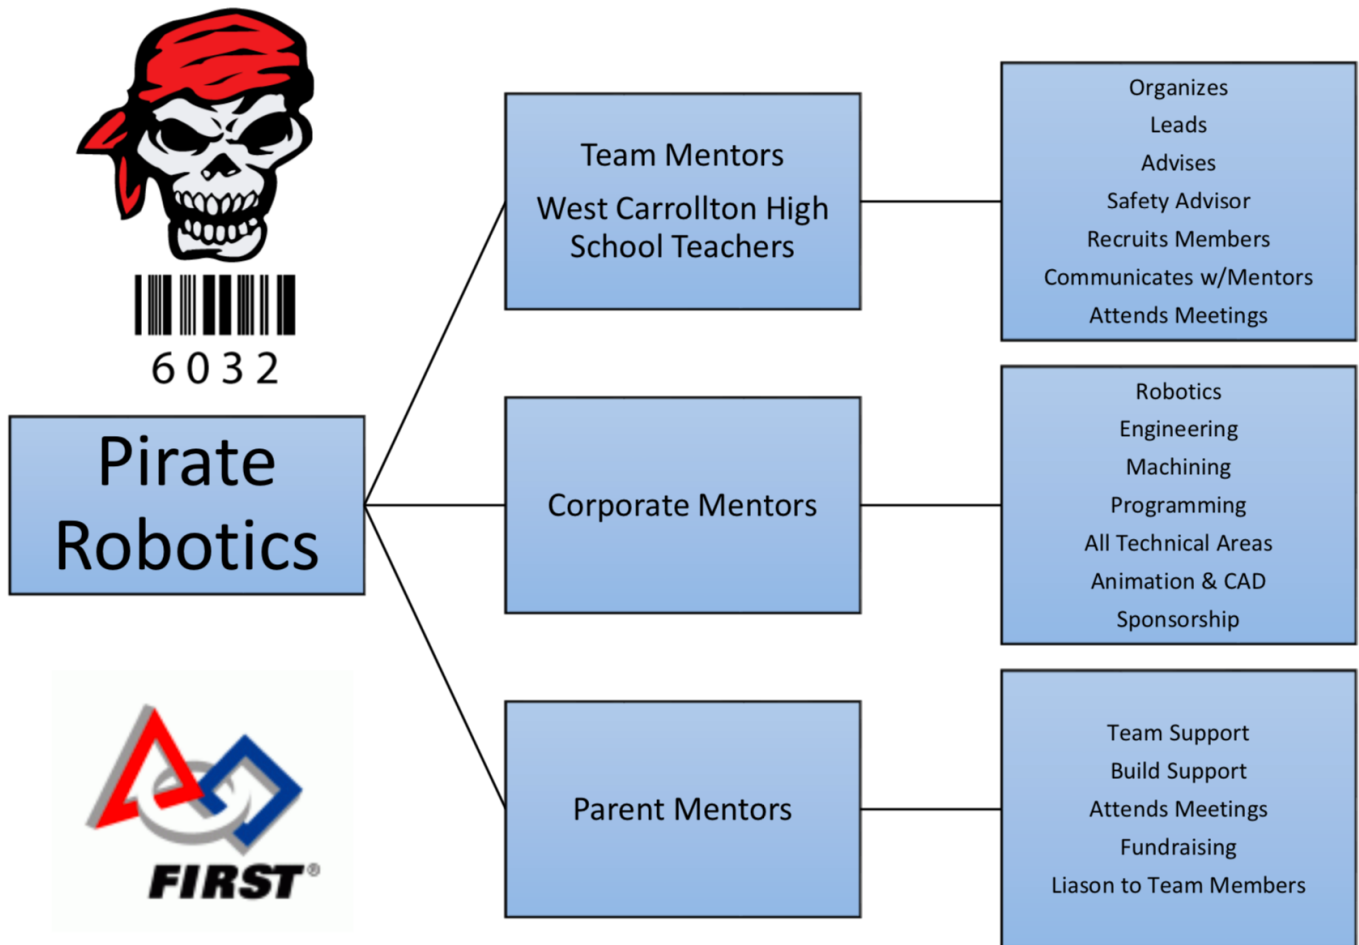

Joe Neyhart
Emily McGuff
Michael Neal

Team Structure

Professional Mentors are critical to *FIRST*[®] Robotics Competition teams. Our students work side by side with engineers to learn the skills they need to make Pirate Robotics successful.

In addition to our WCHS Faculty Advisers, our professional mentors include...

David M.

- Electrical and Controls Engineer

Joe N.

- Mechanical Engineer (and *FIRST*[®] Alum!)

Michael N.

- Mechanical Engineer

Norb S.

- Civil Engineer & Engineering Manager

Budget: 2023 – 2024 Season

Minimum Budget:

<i>Cost</i>	<i>Item</i>
\$6,000	Registration for one competition (local), includes Kit of Parts
\$3,000	Registration for a second competition (out of the area)
\$4,500	Hotel & travel expenses for second competition (3 nights)
\$7,000	Robot parts, tools, and workshop materials
\$500	Marketing: Outreach materials, Banners w/ sponsor logos
\$21,000	Total

If We Qualify for World Championships in Houston:

<i>Cost</i>	<i>Item</i>
\$5,000	Registration for World Championships
\$5,000	Hotel for Houston (3 nights)
\$10,000	Total

All donations to Pirate Robotics #6032 are tax deductible as a *charitable contribution*.

Sponsorship Form: 2023 - 2024
